

COVER LETTER

My name is Stevie-Jean Placek, and I am a LA based actress. I was brought up in a household where the only thing more important than family is "what's for dinner." Growing up, I moved all around California because of my father's work as a superintendent, repairing and maintaining railroad tracks. Amongst all the moving, movie nights always stayed consistent and began my fascination for storytelling. This fascination motivated me to join community theatre and start singing lessons. Through this I discovered that indescribable feeling you get when connecting with an audience. That feeling is how I fell in love with acting, and I can't imagine doing anything else.

I am looking for bicoastal theatrical representation. I'd love to work on roles in psychological thrillers or historical fiction. My goal is to be working on feature films with directors such as Olivia Wilde, Greta Gerwig, David Fincher, or anything produced by A24, Plan B Entertainment, and New Line Cinema. I would like to accomplish this with someone who believes in my talent and will help open my career up to higher opportunities with their guidance. My goal as an actress is to transport an audience to a different life or world, a momentary escape to laugh or cry, create compassion, ask questions, etc.

Through my passion for people and my creativity, I will accomplish this in the industry.

Please find below a copy of my resume, headshot, and a link to my reel.

I look forward to hearing from you,

Stevie-Jean Placek
